## About the company

Kidd Farm Machinery is a manufacturer of high-quality farming equipment based in Devizes, Wiltshire. We are world renowned for our innovative ideas and our reputation for reliable high-quality products. With our recent purchase of WRAG Post drivers we are rapidly expanding and looking for a new member to join our team.

## About the role – Production paint sprayer:

- Production spraying to engineer's drawings.
- You will need to set and operate the spray equipment.
- You will be required to work to the production schedule in a fast-paced environment.
- From time to time you will be required to produce pre-production parts (one off's).
- You will be operating hand tools related to Spraying to include: Orbital sanders and surface finishing products (filler etc).
- You must maintain a high level of quality and self-inspection.
- This role is mainly an individual role however you will be required to work within a small team from time to time.
- You must comply with the Health & Safety Regulations in place.

You will be reporting to the Team leader on a daily basis and will be required to communicate any problems that affect your working environment, to include HSE related problems, quality, and machine maintenance problems.

## Experience:

Industrial Painting: 1 year (preferred)
